

FENCE MESH

OVERVIEW

Actual graphic size will be 4in shorter than the fence height
For example a 5ft tall fence will have a 4ft 8in tall graphic.
This allows room for the zip ties to wrap the
piping on the fence to ensure a flat and wrinkle free banner

Product Name: FENCE MESH

Our custom fence mesh banners are great for getting your brand or message noticed. Whether you are promoting a business, product, sale, promotion or simply informing customers you are open for business, custom fence mesh banners are a cost efficient way to get the job done. The perforated material is wind resistant and is hemmed around the perimeter with brass #2 grommets spaced evenly along the top and bottom of the banner. We recommend using zip ties to secure banner to fence (zip ties not included) Available in 12 standard sizes. Contact us for custom sizing.
