HANZ AUTOMATIC HAND SANITIZER DISPENSER

For **liquid/gel** like alcohol only, not for soap or lotion.

Automatic infrared: The automatic infrared sensor detects the area within 7-10cm (3-4in) and sprays without directly touching the disinfectant –which effectively prevents cross-infection.

Application: Automatically sprays liquid by infrared sensor, suitable for use of various disinfectant liquids and hand sanitizers.

Large capacity: The built-in bottle has a large capacity of 1000 ml (33.814 oz), which corresponds to about 1000 sprays.

Battery Powered: Operated with batteries (not included) and can also be operated with direct current and alternating current.

Stand Size: 600 x 1524mm / 24 x 60in
