PRODUCT DESCRIPTION

Modco Modular Exhibits Modco 3 - 20x10 is a three-dimensional 20' x 10' pre-designed exhibit booth. Stylish and lively, Modco Modular Exhibits Modular 3 is built using tool-free perforated modular aluminum frames. Multiple size frames connect using simple toolless pin connectors. Use shelves to showcase your products. Customize double-sided stretch fabric SEG graphics for the entire exhibit. Perforations are completely covered for a flawless finish.

DISPLAY DIMENSIONS	234.3"W x 95"H x 44"D

Counters are independent / DOES NOT ATTACH TO BACKWALL BOOTH.

Cover Profiles

Qty.32 - MOD-CC
 Qty.4 - 39" MOD-CP-3100
 Qty.4 - 78" MOD-CP-3100
 Qty.4 - 95" MOD-CP-3100

Snap in clip connectors at each designated point and then reference the measurement and install the cover profile.

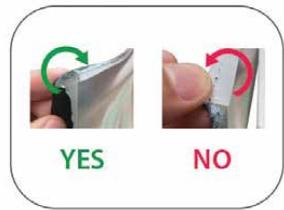

Graphic Install

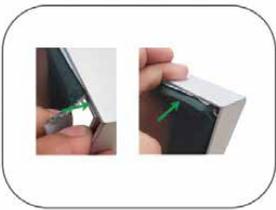

Place graphic over the front of the frame.

Begin inserting SEG beading at each corner.

Insert the silicone beading with the fabric folded over. The silicone beading should not be exposed.

Using your fingers, push both fabric and silicone beading completely into the extrusions channel.

Continue to push in the remaining silicone beading on each side.

Check the perimeter of the frame for any excess beading that hasn't been pushed in. Graphic should be taut.
