# RPL BACKLIT

Dazzling Graphics:
Immerse your audience in vibrant, dye-sublimated fabric graphics that come to life on this 10ft or 8ft wide display. The 1" Velcro attachment ensures a secure and sleek fit, providing a polished finish to your visuals.

Dynamic Illumination:
Experience brilliance with the dual LED edge lights that effortlessly attach to the bottom of the frame. The top of the frame is thoughtfully enclosed with fabric, acting as a reflective surface to amplify the light within, maximizing brightness and ensuring your message shines.

Customization at its Finest:
Swap out graphics effortlessly with our tool-free assembly – a true game-changer for dynamic campaigns. The front graphic comes complete with attached end caps for a seamless look, while the separate back graphic offers the option for a custom print or a blockout panel for single-sided displays.

Portable Brilliance:
Take your brand on the road with ease, thanks to the included travel bag with wheels. This display is not only a showstopper but also a practical companion for on-the-go marketing.

Versatility Redefined:
Choose between a 10ft or 8ft width and opt for single or double-sided graphics. Whether you're aiming for a grandiose impact or a more intimate setting, this display adapts to your every need.

Effortless Setup:
Bid farewell to complex assemblies – our RPL Backlit Fabric Pop-Up Display boasts a tool-free setup. Spend less time on logistics and more time engaging your audience.

Illumination Unleashed:
Bring your display to life with the power of two outlets, effortlessly lighting up your brand and captivating your audience.

Step into the spotlight with the RPL Backlit Fabric Pop-Up Display – where innovation meets visibility, and your brand takes center stage. Illuminate your message, captivate your audience, and make every display an unforgettable experience.

OVERVIEW
- This is the backlit version of our RPL Fabric Pop Up display
- Frame design is similar to our standard RPL, but updated for backlit applications.
- LED Lighting is NOT compatible with standard RPL frames. If lights are added to standard RPL frames there will be heavy shadowing from the frame due to frame design.
- Non-backlit versions are NOT available.
- Displays single or double sided graphics
    - Double Sided - Printed Front Graphic + End Caps and Separate Printed Back Panel
    - Single Sided - Printed Front Graphic + End Caps and blockout panel for backside
- Available as Graphic Package, Graphic Only, and Hardware Only
- Graphics must be removed before collapsing and storing frame
- Includes travel bags from frame and lights
- This is a WS Prime Approved Product

RPL Backlit 8ft Frame Collapsed

RPL Backlit 8ft Hardware Only

HARDWARE

- Aluminum pop up frame with clear plastic hubs and 1" hook velcro around the front and back faces of the frame. The frame has a textile fabric attached on the top, in order to reflect the light back inside, thereby further increasing the brightness
- Textile fabric comes attached to the frame from the factory and remains on the frame during storage
- Outer hubs have extension arms to create the proper distance between graphic + frame to eliminate shadowing from the frame
- LED lights and graphics need to be removed prior to collapsing the frame
- Frame includes travel bag
- LED lights also include their own travel bag
- Frame cannot be purchased separately from lights
- Non backlit version of this product is not available.
