

# Geodesic Tent

## Product Parts

- 1 - Geodesic Tent (with ground stakes and rope)
- 2 - Electric Blower
- 3 - Package Wrapper
- 4 - Canopy
- 5 - Ball Bungee (x13)
- 6 - Clear repair tape

## Display Set-Up

### Step 1

Unpack all product parts and determine you have everything listed above.

### Step 3

Locate the Air Valve on the Base of the Geodesic Tent (1). Connect one end of the blower hose to the "Inflate" port on the Blower (2). Insert the other end of the hose into the Inflate valve of the Geodesic Tent (1). Plug Blower (2) in and turn on to inflate. Inflate until structure (1) is firm and stable.

INTAKE VALVE

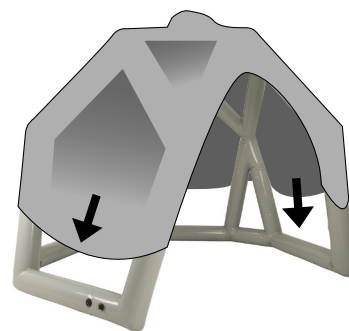

### Step 2

Unpack the Geodesic Tent (1) from the Vinyl Bag. Lay the Geodesic Tent (1) flat on the floor.

### Step 4

Remove Canopy (4) from bag. Drape the Canopy (4) over the entire structure. Shift the graphic until it covers all sides and back of the Geodesic Tent (1) leaving the doorway open.

### Step 5

To secure the Canopy (4), feed the ends of the ball bungees (5) through each of the 13 loop straps located in various spots around the canopy. Pull ball tight to strap.

### Step 6

Loop the Balls through the various "D" Rings on the inside of the Geodesic Tent (1). Feed the Ball back through the first loop created in Step 5. Continue for the remaining 12 Ball Bungees (5). ■

## Disassembly Instructions

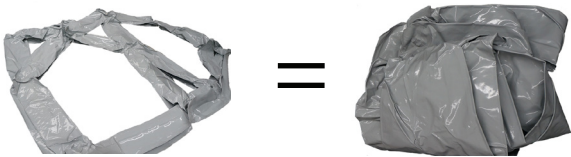

### Step 1

Remove all Ball Bungies (5). Remove the Canopy (4) from the Geodesic and put in plastic bag. Remove the Hose from the "Intake" port on the Blower (2) and connect it to the "Deflate" port. Connect other end of hose to the Deflate Valve on the Geodesic.

### Step 3

Fold in thirds until the overall footprint is approximately 3' x 4'.

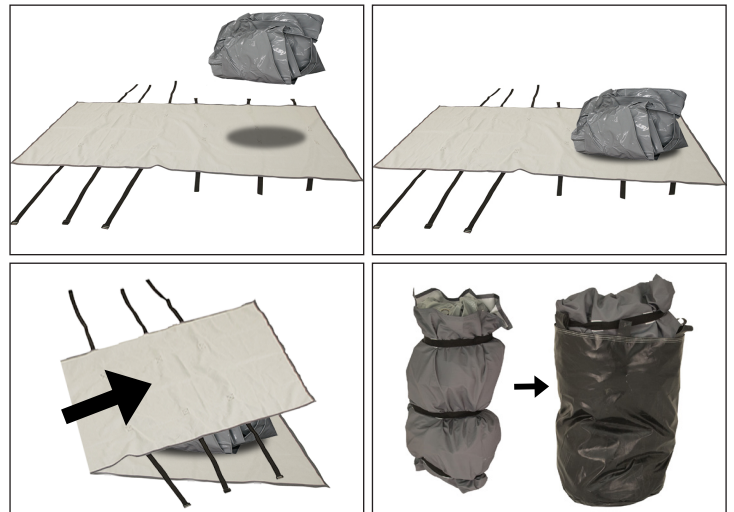

### Step 2

Turn on Blower to start to deflate. As the Structure lowers, guide it down and fold the Geodesic in half to resemble the image below. Continue to completely remove all of the air.

### Step 4

Lay the folded Geodesic on 1/2 the Geodesic Wrapper (3). Feed the 3 smaller straps through the plastic clips and pull tight. Fold other half of Wrapper (3) over and pull the 3 larger straps through the plastic clips and pull tight to create the image below.

## Storage & Care

Store in a cool dry location, away from direct sunlight. Spot clean with mild soap and water, air dry. Do not iron or dry clean.
